

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Regularly back up your Zoho data to prevent data loss in case of any unforeseen events.

Zoho provides customer support resources. Utilize their help documentation, forums, and customer support channels in case you encounter any issue.

Remember, Zoho applications can be very flexible and powerful, but their effectiveness also depends on how well you align them with your specific business needs. Regularly evaluate your processes to see if any adjustments or improvements are needed in your Zoho setup.

If you're interested in shopping, take a walk down Fifth Avenue and explore the many shops and boutiques.
Evening:

Implement security best practices. Set up roles and permissions to control access to sensitive data and features.

Integrate Zoho applications, where needed, to enable seamless data flow between different departments. For example, integrate Zoho CRM with Zoho Inventory to manage sales and stock together.

Integrate Zoho applications, where needed, to enable seamless data flow between different departments. For example, integrate Zoho CRM with Zoho Inventory

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
